

## Waterproofing Systems and Technical Solutions

### Bio Bio's Mall Plaza Mirador

Bio Bio's Mall Plaza Mirados is designed to meet the surrounding communities needs, which are Concepción, San Pedro Chiguayante and La Paz. It is a tangible alternative to the traditional downtown shopping offer. Furthermore, with this initiative, Mall Plaza starts a new venture, with a proposal focused on entertainment, gastronomy and services.

The mall includes an hypermarket, home & garden improvement retailer, 60 specialized stores, movie theaters, gym, playground, restaurants, cafes, meals hall and a parking with 1,700 spots.
