A very nice project at a trendy beer bar in Copenhagen. Waterproofing on the inside walls :

- 1) Primed with Skalflex Saltbinder/Primer
- 2) Reinforced Skalflex Sockelpuds Vandtæt = Water repellent render with mesh
- 3) 2 layers of Skalflex Multitæt = 2K cementbased sealing slurry withstanding very high waterpressure
- 4) 1 layer of Skalflex Letpuds = Moisture absorbing render for indoor use
- 5) Vapor permeable paint

— APPLIED PRODUCT —

- Skalflex Multitaet
