> Tropicana Bay Residences in Penang world City, Penang

Tropicana Bay Residences is located in Penang World City (PWC), a water front master plan with an emphasis on fulfilling humanistic desires and needs by promoting cultural interaction and communal living via a variety of common space. It is strategically located within Bayan Mutiara, off Lebuhraya Tun Dr. Lim Chong Eu, Bayan Lepas, Penang. This project is aimed to become an international gateway for foreign tourists and investors to Penang.

This freehold high-rise condominium development consist a total of 6 towers, built-up areas of each unit range from 455 to 1,590 sqft.

DAVCOFLEX 669 was applied in the project's internal and external tiling areas due to its extensive range of applications for interior and exterior wall and floor installation advantages. Both DAVCOFLEX 669 and DAVCOGROUT were used in the whole tiling area in the lobby, typical units, swimming pool and external walkways.
