

Waterproofing Systems and Technical Solutions

Menara FELDA

Completed in July 2012, this 50-storey (200 metres est.) Menara FELDA was developed by TTDI Development Sdn. Bhd. a member of the Naza Group. The building was sold to the Federal Land Development Authority (FELDA) for RM640.7 million. It is currently serves as FELDA's headquarters.

Menara FELDA offers an extensive array of facilities like covered and non-covered parking lots, restaurants and food court, a financial centre, 24 hours security, surau, medical centre and the building also provides valet, limousine and shuttle bus services.

It is located within Platinum Park and within close vicinity to other luxury developments like the NAZA Tower, Platinum Residences II, The Binjai, The Oval and Platinum Residences I to name a few.

The tower is also positioned rather near to several educational institutions namely Institut Pelaburan PNB, Institute KOJADI, The Centre for Advanced Design and Goethe Institute to name a few. All located no further than a 1.5km radius away.
