

Waterproofing Systems and Technical Solutions

Jurong industrial Estate in Penjuru close

Set up in 1968, JTC is the lead government agency responsible for the development of industrial infrastructure to support and catalyse the growth of industries and enterprises in Singapore.

Landmark projects by JTC include the Jurong Industrial Estate; the Jurong Island for energy and chemical industries; business and specialised parks such as Airport Logistics Park of Singapore, International Business Park, Changi Business Park, Seletar Aerospace Park, CleanTech Park and Tuas Biomedical Park; a new work-live-play- &-learn development called one-north; and the Jurong Rock Caverns, Southeast Asia's first commercial underground storage facility for liquid hydrocarbons.

JTC also develops innovative which incorporate innovative features and shared infrastructure to enable industrialists to start their operations quickly and enhance productivity.

Our DAVCO K10 Green Sheet R was selected for this project due to its fast-drying properties. As Singapore being a tropical country has unpredictable weather, an easy to apply and fast setting product is required to reduce the risk of the membrane being wash out due to the sudden occurrence of rain during installation.

APPLIED PRODUCT

- DAVCO K10 Green Sheet R

TECHNICAL DETAILS

- Investment : \$120,000,00
- Area : 20,000 m²
